ABOUT THIS GENEALOGY -

Because of the many branches of the family represented herein it was found most convenient to tabulate all names alphabetically, and to assign identifying serial numbers to all names. The listing includes the year of birth, the year of death, as well as the identifying number of all immediate relatives: F. - father, M. - mother, married - husband or wife, and all children. All women are listed by their maiden names only.

This arrangement, it is hoped, will permit easy determination of the names of all descendants of a person, or of one's ancestry. The unused spaces and unassigned numbers permit entry of additional names. Furthermore, the charts at the end are designed to serve as a convenient record of a person's ancestry.

Supplemental information of interest is entered as a footnote. The letter R. designates a Rabbi. The date of death followed by an asterisk (1943*) indicates one of the six million martyrs of our time.

Prepared in memory of my father Sandor Kunstadt)
and of all the good people that went before us.)
